Don't let your next takeoff or landing become a statistic on someone's chart. Come participate in this WINGS Safety event where proper techniques concerning aircraft control during the most critical phases of flight will be discussed. We can all become **safer pilots** through **continued education**;  
**Don't Miss It!**

*Directions:*The Luzerne County Annex is located on the left side of the WBW parking lot.

*Message from the National FAASafety Team Manager:*  
**FAASafety Team CFI Workshops start this Fall. Watch for them in SPANS...**
